

Dear Nishto-Dosto,

I forgot to add that all the things we ~~see~~ write on the toilet paper are true. On Dec 8, 2009 we were kidnapped by some men from Umar's Aunt's house. These people pointed a gun at us and started beating us after blind folding us. They were not in uniform even though they claimed to be police they had nothing at all to show they were. We were taken to a place where I still don't know where it was (we were blind folded) and there were like 30 police and agency people who beat and tortured us. We were not given food or water for I ~~was~~ counted to be at least 36 hours and they wouldn't let me sleep. We were moved to this police station where everything continued. The police here does not care - they beat the hell out of me and the rest of us until we said what they wanted us to say. They ~~also~~ told us not to say anything to anyone about what happened. Wallahi they even threatened to ~~electrocute~~ electrocute us the day before court so we don't tell the judge but we spoke out and we did the toilet paper so the world could know. By the way did news of the paper go all over the news even in the US --- tell me about it :)
There is much more to tell you but ~~but~~
I'll tell more next time the consulate comes on March 17th InshaAllah. Until then ->
