- Y         1. Are you in favor of the present 8-3 structure of the Council? However, there is intense community sentiment that changes are needed and will be made. I favor retention of at large seats to represent the total community. A final determination should be deferred to hear the recommendations of the Charter Review Comm.
- X     2. Would you support an ordinance that would force individual property owners and businesses to provide accommodations to persons with AIDS (acquired immune deficiency) and those perceived to have AIDS?
- X     3. Would you support an ordinance that would force businesses to hire persons with AIDS and those perceived to have AIDS?
- X     4. Would you favor abolishing the Citizens Police Review Board? The present review board was the result of a compromise that should not be revisited at this time. I am strongly against the proposition.
- 5. Do you favor the recently passed ordinance prohibiting the City of Dallas from contracting with companies that do business with South Africa?  
I do not believe the council should continually revisit issues. We need to tend to the essential.
- X     6. Would you favor raising the pay of Council members? However, this issue should be deferred until the report of the Citizen's Review Committee.
- \* 7. Do you support the sharing of 25% of the Dallas Area Rapid Transit's sales tax revenues with local taxing authorities?

I would like the opportunity to consider further the requirement that DART spend a certain proportion to be determined on mobility efforts in local areas as a means of ensuring careful expenditure of funds.
