Thank you for the kind words. I know certain parties will continue to push at us on this. It is worthwhile to have the discussion you suggest please work with Colleen Lane my assistant

Aljezeera USA interviewed me this morning. I think it runs tomorrow night at 6:30.

Director Buschatzke – I represent Fondomonte Arizona and just wanted to thank you for the opinion you expressed about their operation in today's Op-Ed. If you think it would be productive, I am happy to set up a meeting or a call with you and your staff to discuss the La Paz situation. As you mentioned in your Op-Ed, they are farming on a long existing farm and in fact they have spent millions of dollars to install the most technologically advanced irrigation systems in order to be long term sustainable. Let me know if you would like more information or to discuss further and thank you again. Jordan.
