Simone. Thank you for the follow up. While neither the lease nor the State Statute appear to require metering and reporting, in a good faith effort to work with ASLD, my client asked that I relay the following information on water use. As you may recall, they have installed and are utilizing what they believe to be the most conservation oriented technology in the market and hope to continue to improve upon their performance in water conservation techniques. Thank you again for reaching out please let me know if we can provide any further information.
