Afghanistan

FROM: Donald Rumsfeld *DR*  
  
SUBJECT: Civilian Deaths

There was an article in the *New York Times* by a woman in Kabul about all the so-called civilians who have been killed. We ought to get a list of the people who were killed in Afghanistan before September 11 and some information about what the Taliban was doing.

We ought to get the number of civilian people who are killed in the United States in car accidents every year. I would like to know both.

Thanks.
