**Re: Non Disclosure to include Media and Social Media**

**Dear Mr. Mc Farland,**

**As per our conversation I have included a copy of a non disclosure agreement from a Harris County, Texas District Court. This non disclosure agreement orders all information pertaining to this incident be removed from any and all entities listed in the order.**

**Channel 2 News, KPRC, in Houston Texas, aired a story involving myself and a suspect, prior to my retirement from Law Enforcement and I am attaching the Harris County order to have this story removed from your records, from the internet (your website) and any other public access location you may have placed the story. I would further like to add that this story being able for the public to view hinders my ability to perform my job and maintain the creditability needed in my current line of work.**

**Thank You for your time and assistance in this matter.**
